SUGGESTED ANSWER

The writer is said to lose one more reader with every dream he tells and dreams seem to be boring in a story as they are only just a means, both obsolete and convenient, of pushing someone into the abyss. Seldom, indeed, is a dream significant for the other person. Besides, writers sometimes shape a dream according to a required pattern which should order and reflect the diffuse reality of the story. Since I wish to begin this story with a dream, I am somehow trying to defend myself against the accusation of indolence and naivety which might be made instinctively.
